Dear Mr. Ryan:

Pasco County and Multi Financial Services have had a relationship for almost 20 years. It is difficult finding entities that understand local government procedures and can work with us to maximize the return on our dollars. In these days of declining government funding, having the ability to re-use our funds through loan repayment dollars is very important.

We appreciate that it is very easy to work with you and your staff in order to accomplish the things that we need to do, and you are always ready to adjust your procedures to meet the new requirements that we meet with the different funding sources.

We recommend to other local governments your company, and hope they take advantage of your services.

Sincerely,

George Romagnoli, AICP
Community Development Manager
